1st June '23

Website

www.iacbe.bnca.ac.in

19th and 20th July 2023

Industry Academia Collaboration Workshop & Seminar on Lean Construction at BNCA, Pune

TESTIMONIALS

The participants were well chosen and had representatives from academia, industry, industry bodies and members of architecture and engineering fraternity. The organisers had prepared in depth feedback mechanism ahead of time. This led to focused and in-depth deliberations. The workshop itself was structured well and focused on getting pointed feedback from all stakeholders. We wish the team well to arrive at a much needed curriculum' - Architect Jyotsna Joshi

It was helpful to know more about internships and apprenticeships and PG diploma course. They provide a chance for students to learn more skills for their career through both hands-on and educational training - **Namita P (Student)**
